

Green Wonders

October 5, 2006

Hi everybody-

Thanks for coming to the meeting yesterday. Here's what we discussed:

--We like the idea of the textured tape for the steps. It seems to stick well and provide a good non-skid surface, and Wayne Kohlrust from the county seems to be on board with the idea.

--Eric is going to look online to see if we could get bright green and yellow colors for the tape, and to get pricing for large rolls.

--We are all going to meet at 2:00 this Sunday at the overpass by the jock lot to put tape on a few more stairs (as a test). To clean the step surfaces, Zach is going to bring rubbing alcohol and Morrie is going to bring soap and water. Barb will bring a tape measure so that we can measure the stairs and determine how much tape we'd need for the whole job.

--Erika and Alex still need to get their permission slips in. Will Stolpe and Sharon Stover have the forms. These need to be in by Friday!

--Sean will be meeting with everybody that can make it NEXT Sunday from 7-9 at Fuller Lodge, to talk before the ropes course outing. Erik and Erika are definitely able to go to that, and they'll report on our group's progress. I won't be able to make the Sunday night meeting, but will join you at the ropes course on Monday.

--The bus leaves for the ropes course at 8:15 on Monday the 10th, from the Fuller Lodge parking lot. WEAR YOUR T-SHIRTS, no sandals. If you get downtown 20-30 min. early, you'll get a \$5 credit to order some breakfast at Ruby K's before the bus leaves.

--Thanks, you guys are great!
