Light Up LA

The Seniors will soon be headed up to paint the LA on the mountain. Someone will try to get a few pictures of what the mountain currently looks like.

We still need information on if we plan to utilize solar lights for the project? What are some projected costs? What may be some potential barriers for (will there be concern for "light pollution" and is there a dark skies ordinance of any kind)? Who do we need approval from at a County level?

If we decided to build a wooden LA and sink it slightly into the ground, is there also an approval process? Can we get the help of a surveyor to make sure our letters are straight? It was also suggested that we use treated wood.

It has been suggested that we sink the letters slightly into the ground with rebar.

Can we agree on a potential date for this event? Could we do it the weekend before LAYL graduation? It would be an awesome gift to those graduating seniors. If the ground might still be frozen, we may need to pick a potential May date.

Have we heard from Mr. Henry? Can we get some guesstimates for how much wood we would need to purchase or request for donations. Perhaps we can also write letters for paint? Some potential vendors include; Metzger's (paint), Los Alamos Home Improvement (wood and rebar), Los Alamos Transit (gravel).

We may need to raise some cash How about a bake sale or two? Who will ask permission from Mrs. Brown? Are B.A.M.F moms and team leader colleagues willing to bake? Should we do it during a few lunch time meetings? If so, where is the best location?

If we can demonstrate the need for improvement, there is an opportunity for a grant to be written with KNMB (Keep New Mexico Beautiful) for a beautification project.

Teen Concert (Club B.A.M.F.)

Do we have a date for the elementary event (XTC event)?

Has anyone asked Russ Gordon for advice?

Should we ask KRSN to do something live?

Do we know who provides the jumpy things and a cost?

Should we seek vendors to sell food? Brainstorm some ideas?

Coffee Booth

Dave Martinez (hot dogs/burger)?

Eric (a guy that sells stuff near the high school (Frito pies, etc)?

What else should be there? Should we ask the YMCA and Parks and Rec to have some hands on things for teens?

Is this event at Ashley Pond? Should we ask the County to reserve it? There is a fee perhaps they would waive it?

LANB often does sno cones and cotton candy, should we ask them to come? It is a free service.
