

March 25, 2008

Registration forms are done and ready to be distributed by Parks and Rec, Parks and Rec is also making flyers for the track meet and wild day

April 7th-11th will be visiting elementary schools, this is going to be excused and Sharon has the times for each school, see her email for details

Meeting at Aquatic Center March 26, that is this week, be there!

T-shirts for something, I was kinda lost here so I don't really know what to say, are being handled by Madison

We have flyers to put up at the high school to get volunteers, however we need Ms. Nelms signature. Jeremy and Keanna are working on her approval and putting them up around the school

Need an announcer for wild day, most likely for the track meet too, preferably a student, everybody ask their friends and see if anybody is ready willing and able to fill this volunteer slot

Jeremy is contacting Alex about the gym availability, hopefully this goes well

Emily is all over the food for the 'silly sandwiches' as well as for the rest of the events and has already gotten prices for most things at Sam's

The Monitor wants to ask a few questions for two stories, one before one after the event, see Keanna's email about this and to answer questions

Jordan is doing amazing with all the art camp stuff and things like that, once again I got a little lost during the discussion so I am not very sure exactly what she is doing but it sounded good, props to Jordan

Oh also see Jordan's email about the Art Council or something having to do with the art activities.

Activity planning:

Lunch-Emily and Jason

Art-Jordan

Capture the Flag- Keanna and Benigno

Mission Impossible-Alex

Make lists of necessary materials and where to get them

Basically check your email for four emails from various people. Good work team next meeting is on Wednesday the 9th. Also don't forget graduation on the twentieth and the meeting on the 26(tomorrow)
